Albert Stewart

I am seeking to be re-elected to the MWSL, in the position of President. I have been on the Board now since 2016, serving in various Director's capacities until I had to take over for a departing President. I have served now for 2 terms and would like to do more at this position. I have worked with the adult groups on different agendas and on a few different committees with BC Soccer and feel that I still can offer good leadership to the MWSL. I am currently the Head of Discipline as well as Chairing a number of other committees. I look forward to continuing with the Board as I respect the work that they do to instill great leadership for the Future of women's soccer in the Lower Mainland.
