- The Board of Directors, upon receiving instruction from the BCSCA Senior Competitions Committee, will determine Provincial Cup play and qualification procedures.
- Only teams playing in the U21 Division may play in the U21 Provincial Cup.

## 15. Promotion & Relegation Schedule

- 15.1 The Metro Women's Soccer League (MWSL) operates a Promotion/Relegation system for its Winter season to ensure that teams continue to play at a level at which they are competitive. Teams that finish in a promotion position at the end of each Winter season will be promoted up one division. Teams that finish in a relegation position at the end of each Winter season will be relegated down one division. Promotion and relegation are mandatory for teams finishing in either position.

After Winter team registration closes, vacant spots in each and every division may be filled using the mechanism of downward pressure. **Downward pressure** is the

process whereby vacant spots will be filled by promoting as many teams as necessary from the division directly below to fill the vacant spots; the process will continue division over division until the vacant spots are pushed downward to the lowest (least-competitive) division in the interest of League divisional structural integrity. Criteria for promotion into vacant spots using downward pressure will be based upon the previous Winter season's final standings.

At the conclusion of every third season, the League will review divisions with more than one group and as determined possible and to an extent possible re-align teams among the groups along approximate geographic criteria as determined by the Board of Directors.

The levels of play currently in the League are:

- Premier
- Selects A
- Selects B
