

Incomplete Games

In case of games not being played or incomplete, please return the match fees to the teams. Complete your match report as normal. Indicate if the match was started, what the reason for not completing the match, etc. Mark the game as Incomplete in your game report. If the match was cancelled due to field conditions, please take pictures and email to Emad.

Once your report is complete, please fill out a reimbursement form and submit email to Emad

Game Report – Team Fines

In the Game Reports, under Team Fines, there are a series of questions. The questions are used to issue fines to teams which don't follow the League's matchday requirements. One of the questions we always have issues with is the 'Handwritten Player' question. I have changed the wording on this so if everything is ok with the list, 'Yes' should be selected. If there are issues with the rosters and there are handwritten players, please select 'No'

The image shows a form titled 'Team Fines' with various questions and radio button options. A red circle highlights two specific questions: 'Original Home Team Roster (no hand written players/staff)' and 'Original Visiting Team Roster (no hand written players/staff)'. The options for these questions are 'Yes', 'No', and 'N/A'. The other questions and their options are as follows:

Corner Flags in Place	Yes	No (issues fine)	N/A	
Condition of Ball	Good	Average	Poor (issues fine)	N/A
Spare Ball Provided	Yes	No	N/A	
Home Team Uniform Condition	Good	Average	Poor	N/A
Visiting Team Uniform Condition	Good	Average	Poor	N/A
Home Team Linesman	Yes	No	N/A	
Visiting Team Linesman	Yes	No	N/A

Original Visiting Team Roster (no hand written players/staff)	Yes	No	N/A	
Home Team Covid protocols followed	Yes	No	N/A	
Visiting Team Covid protocols followed	Yes	No	N/A	

Own Goal Reporting

When reporting an own goal, award the goal to the team which the goal was awarded to in the match. For player, select "Other Player" from the dropdown menu. For example, if the Strikers won 1-0 against the Shooters, but the goal was scored by a Shooters player as an own goal, this is what the report should look like:

Enter Player stats then click Update to continue adding.

When done, click the 'Finished / Done' button to complete this process (IMPORTANT).
